

DOCTORS LAKE FAMILY DENTAL

Fernando Padron, DDS, Adriana Padron, DDS, Yakov Shimunov, DDS, and Hansen, DDS

DOCTORS LAKE FAMILY DENTAL IS PROUD TO INTRODUCE ITS EXCEPTIONAL TEAM OF DENTISTS who bring expertise, compassion, and innovation to patient care. Among them are Drs. Fernando and Adriana Padron, a talented husband-and-wife duo with extensive training in prosthodontics and implant dentistry.

Dr. Fernando Padron earned his dental degree in 2010 from the University of Venezuela. He completed his Prosthodontic residency at Nova Southeastern University, where he met Adriana. Selected from hundreds of candidates, he later completed a prestigious implant fellowship. Dr. Padron is known for his comprehensive approach, offering a blend of general dentistry, oral surgery, and advanced implant care.

Dr. Adriana Padron, born in Venezuela, pursued her dental degree in Florida at Nova Southeastern University. She refined her skills at the University of Illinois in Chicago, graduating as a Prosthodontist in 2016. Certified as a Fellow by the American Board of Prosthodontics, she combines technical precision with compassionate care. The Padron's,

along with their children Emilia and Daniel, relocated to Fleming Island to serve the community.

Dr. Yakov Shimunov, originally from Queens, NY, brings a commitment to patient-centered care. A graduate of New York University College of Dentistry, he completed his residency in Queens before moving to Florida. Passionate about staying at the forefront of dental advancements, he strives to deliver outstanding care to his patients.

Dr. Hansen, a Boston native, combines a love for wellness with exceptional dentistry. A graduate of the University of Utah School of Dentistry, he focuses on holistic care and improving lives through transformative treatments. When not at work, he enjoys hiking and spending time with his Miniature Australian Shepherd.

Together, this team exemplifies excellence, dedication, and care in serving the Jacksonville community. Providing compassionate, personalized dental care with excellence, innovation, and a focus on lifelong oral health
